

This is LIAISONS DANGEREUSES, a journal of postal Diplomacy and ORIGINS FO WORLD WAR II edited by Lenard Lakofka, 1806 N. Richmond St., Chicago, Ill. 60647 and printed on the IFW Press. LD # 27, Dec. 3, 1971, carries bronto 1 + 2, LD 6, 8, 9, 10, 12 + 15, Neophyte 1-6, and OWWII 1. Game opnings: LIAISONS DANGEREUSES # 15 is open as well as LD 16. Game fee \$4 minus \$0.50 for IFW and N3FDD. Neophyte will remain open through the entire year of 1972 and fill that number of games for which players can be found. The rule of thumb for Novice is that you have not begun Postal Diplomacy prior to 16 months of entry in this 'zine AND that you have not completed more than a total of 12 game years in all postal games in which you may be enrolled. Any player in a Neo game may register for one more regular game. Game fee \$3. SPECIAL: The NEOPHYTE GRAND TOURNAMENT, open to novices ONLY! see directly below opening ledgend. OWWII games are also open, game fee \$2. details on OWWII will appear in LD #28. Some notes appear herein.

LD is affiliated with the IFWDS and the N3FGBDD, and the GM is a member of the reform DA, pending results. see below.

.....
ANNOUNCING THE NEOPHYTE GRAND TOURNAMENT!

For this engagement 14 players shall be needed. Each player will play in 4 games of Diplomacy so that the entire tournament shall encompass 8 games of Diplomacy. Needless to say you shall play a different country in each game, and you will be in only one or two games with each player, with one or two exceptions where you may be in the ~~same~~ games with the same person three times. Game fee will be \$7 and will be open to NOVICES only! Any player now playing in NEOPHYTE is eligible for play in this game series.

.....
LD's position on the current reform DA.

In the very recent past Mr. Larry Peery, et. al. have established beyoond the shadow of a doubt that the DA headed by John Beshara was not the democratic organization it said it was going to be. Having acomplished this fact, Larry has produced more and more verbage on the subject to point of deluge!

We of LD DO NOT support the reform DA! We believe that a NEW organization MUST be formed. We have evidence that John Beshara is beginning round 3 (o# 4 or 5) in these debates. He claims Peery is taking in funds illegally, etc. etc.

Now since we are reasonable people, I believe we can see that UNLESS Beshara is willing to release the membership list TOTALLY and the financial records that there WILL ALWAYS be two DIPLOMACY ASSOCIATIONS! In fact we will always be accused of duplioiity, theft, and it could ~~ex~~ even come to court action! NOW DOES THIS MAKE SENSE TO YOU?!

We have a great amount of creative ability and I can feel that we are only wasting it by pushing for a REFORM DA. The name should be changed AT ONCE and divorced from Beshara once and for all! These is absolutely NO EVIDENCE that John Beshara will EVER give over control of his factonn of the DA to the reform group. Then why are we beating this dead horse? We are forming a new constitution, having elections (but perhaps not in that order) and working an various projects. Why do all this creative work to benefit Diplomacy under the name of reform and under the attack of that ass in New York?

Let us make this split complete! If there is an election I will run for a position on the board and move AT ONCE that the organization divorce itself from the DA of Mr. Beshara. We need unity, but we do not need unity under pressure. I think Peery is wrong and am stating that conviction. If anyone disagrees then by all means let's have it out. I hope those that agree with me will rally to this banner.

Neophyte #2

Berlin (Nov 12) On November 11 (ill-chosen day) the government of Germany received a declaration of war from the government of England. This declaration was given as a consequence of the German fleet's attempt to enter the north sea. When our ships found this body of water already occupied by the British Navy, they returned to their base in Holland. As a result, England declared war on Germany.

Munich: news of the declaration reached Baron von Mishaufen in the midst of an official tour of Munich beer-halls. He declared, "Since perfidious albiion has seen fit to instigate a conflict over trifles, let it be known that we pick up the gauntlet! We will prosecute such a conflict with full vigour! Since our neighbours the French, who so kindly assisted our fleet, recognize England as our common enemy, we will co-operate with them to subdue the British dogs... Did you hear the one about....?"

Ottawa: The Kaiser was in conference with the Canadian Prime Minister when word of the war reached him. His official response was, "you don't say!" When asked if he planned to cut short his North American tour, he replies, "my ministers are fully capable of handling such minor matters. Now, pierre, about the Grand Ball... Does Margaret have a Friend?"

Berlin: "As a result of certain fithless actions on the part of the new government of Austria, Germany no longer considers herself bound by any agreements made with the previous regime."

Paris, Nov 22 1902 Today Foreign Minister Michael Stroz announced that he hoped that peaceful relations could be continued with the government of Italy. However, he also warned Italy and all other nations in the Mediterrean that the Gulf of Lyon is French territorial waters and any movement there would cause war.

Nov 22, 1902 Official communique to Vietta, Austria:

From Paris, France.

Mr. Bell:

BULLSHIT!

Mr. Stroz

Neophyte One Vienna, 17 November 1902: Italian and Austrian forces liberated the Austraaan capitol city today, but celebrations were dull-ed by the sight of the devastation Russians made of the once beautiful city! As the cossacks retreated in disorder they took everytihing of value with them. Among the things that were stolen were all of the showers from Viennese bathrooms! "When the Russkies first came, they couldn't figure out what our show~~ers~~ were; apparently, they don't haveshowers in Russia, (which may explain something about the air poll-ution that they brought with them). Anyway, once demonstrated, they loved it, spending their entire time in them. No wonder they were so easily defeated. CIVILIZATION COMES TO RUSSIA!!
